

Indiana's new, near-total abortion ban took effect Sept. 15, 2022, making 2021 the last full year abortion was legal.

There were 4,607 abortions performed on Indiana residents in 2021 with an average county rate of 2.2 per 1,000 females of child-bearing age.* Marion County's rate of 11.2 was the highest and 2.36 times higher than the next highest county. Ohio and Vermillion counties tied for the lowest rate.

*Female of child-bearing age: 10 to 54-years-old.
